SUMMARY

Senior Product Designer with 10+ years at Wix, designing developer platforms, monetization, and AI products, and shipping code with AI tools. Working closely with product and engineering.

EXPERIENCE

Senior UX Designer

Wix, OS Company | 2025–2026

- Designed the AI credits wallet for free and premium users across Wix products.
- Led the app installation data page; shipped code with AI tools.

Senior UX Designer

Wix, App Market's Developer Center | 2020–2025

- Sole designer: payouts, refunds, pricing, free trials, sales, and internal Reviews and Collections tools. Helped write docs; contributed components to the Wix Design System.
- Designed auto-publishing, so live apps could ship minor updates without a full review.

UX Designer

Wix, Labs Company | 2019–2020

Designed apps that filled gaps in Wix, like comments and a Sheets connector.

UX Designer

Wix, Media | 2018–2019

Designed Wix Video features and its live streaming flow.

Founding UX Designer

Wix, ADI | 2014–2018

- One of the founding designers of Wix's AI site builder.
- Shaped the product from concept to launch.

Marketing Designer & Lead

Wix | 2012–2013

Created campaigns, landing pages, and a site badges app; worked on paywall A/B tests.

Graphic Designer

McCann Erickson (2010–2012) · Walla News (2008–2010)

KEY ACHIEVEMENTS

Wix ADI

One of the founding UX designers of Wix's AI website builder.

AI Credits system

Led UX across Business Manager and Wixel; usage grew significantly with no support escalations.

Wix Developer Center

Sole designer for 5 years; led the free trial and sales systems that grew subscriptions and upgrade revenue.

App installation data

First installation data page for developers; shipped code with AI tools. Strong engagement with no promotion.

Internal Reviews system

Rebuilt the App Market review tool from the ground up; still in use, it shortened review cycles.

EDUCATION

B.Des. in Graphic Design

Shenkar College of Engineering and Design
